
WLGS 3 Linhouse Water [NT 0730 6425]

[WLC site description](#)

[Part of the Inverclyde Group sites](#)

Other designations: B-SSSI (Linhouse Valley); LWS (Linhouse Water); WS (Linhouse Valley); SWTR (Linhouse Glen); AGLV

The Linhouse Water (above Carstairs Viaduct) site is a useful site for demonstrating the upper part of the Ballagan Formation and the overlying Corston Hill lavas (Arthur's Seat Volcanic Formation).
