
WLGS 44 Craigton (Hill) Quarry [NT 0761 7684]

[WLC site description](#)

[Part of the Quartz-dolerite sills and dykes group of sites](#)

Other designations: AGLV; LWS (close to Union Canal); HGDL (close to Hopetoun House); AWI (close to Philpstoun Muir); SNWI; SAM (close to Union Canal)

Craigton (Hill) Quarry lies 2 km north-west of Winchburgh and adjacent to the M9 motorway. Permission to visit this site was denied by the Factor, but a previous visit indicates that it provides an excellent example of a 33 m thick quartz-dolerite sill with stepped contacts.
