[Sheet 61 Arisaig](#)

[P1011722](#) Helsinkitic appinite. 500 yds N 40 deg W of Arisaig House (same locality as (S32736)). Collection No: SSC 11719. Sample No. J547. Collector: J McCall. [NM 6883 8524]

[P1011723](#) Pelitic schist with porphyroblastic feldspar. Shore 360 yds S 25 deg W of Prince Charlie's Cave (same locality as (S32737)). Collection No: SSC 11720. Sample No. J548. Collector: J McCall. [NM 6885 8413]

[P1011724](#) Pelitic schist with porphyroblastic feldspar. Shore 360 yds S 25 deg W of Prince Charlie's Cave (same locality as (S32737)). Collection No: SSC 11721. Sample No. J551. Collector: J McCall. [NM 6885 8413]

[P1011725](#) Pelitic schist with porphyroblastic feldspar. Shore 360 yds S 25 deg W of Prince Charlie's Cave (same locality as (S32737)). Collection No: SSC 11722. Sample No. J552. Collector: J McCall. [NM 6885 8413]

[P1011726](#) Sheared appinite. Shore, 760 yds W 10 deg S of Rubh' Ard Mhoir. Collection No: SSC 11723. Sample No. J555. Collector: J McCall. [NM 6769 8373]

[P1011727](#) Sheared appinite. Shore, 760 yds W 10 deg S of Rubh' Ard Mhoir. Collection No: SSC 11724. Sample No. J556. Collector: J McCall. [NM 6769 8373]

[P1011728](#) Sheared appinite. Shore, 760 yds W 10 deg S of Rubh' Ard Mhoir. Collection No: SSC 11725. Sample No. J560. Collector: J McCall. [NM 6769 8373]

[P1011729](#) Dolerite. Boss. Shore at Morroch Point, Arisaig (same locality as (S32738)). Collection No: SSC 11726. Sample No. J562. Collector: J McCall. [NM 6514 8571]

[P1011730](#) Dolerite. Boss. Shore at Morroch Point, Arisaig (same locality as (S32738)). Collection No: SSC 11731. Sample No. J566. Collector: J McCall. [NM 6514 8571]

[P1011731](#) Dolerite. Boss. Shore at Morroch Point, Arisaig (same locality as (S32738)). Collection No: SSC 11732. Sample No. J567. Collector: J McCall. [NM 6514 8571]

[P1011732](#) 500 yds due E of Rubha Ard an Murach, Loch Nevis. ?Sub-Moine. Collection No: SSC 11733. Sample No. J798. Collector: J McCall. [NM 8310 9380]

[P1011733](#) 500 yds due E of Rubha Ard an Murach, Loch Nevis. ?Sub-Moine. Collection No: SSC 11734. Sample No. J800. Collector: J McCall. [NM 8310 9380]

[P1011734](#) 500 yds due E of Rubha Ard an Murach, Loch Nevis. ?Sub-Moine. Collection No: SSC 11735. Sample No. J802. Collector: J McCall. [NM 8310 9380]

[P1011735](#) 500 yds SW of Rubha Ard na Murach, Loch Nevis. ?Sub-Moine. Collection No: SSC 11736. Sample No. J803. Collector: J McCall. [NM 8210 9350]

[P1011743](#) Olivine-dolerite with feldspar phenocrysts. Dyke, 18 ft wide; Tertiary. On shore, 266 yds W 28 deg S from Traigh Farm house, Arisaig (same locality as (S31284)). Collection No: SSC 11583. Sample No. R145. Collector: R E Montgomery. [NM 6550 9042]

[P1011744](#) Olivine-dolerite with feldspar phenocrysts. Dyke, 18 ft wide; Tertiary. On shore, 266 yds W 28 deg S from Traigh Farm house, Arisaig (same locality as (S31284)). Collection No: SSC 11584. Sample No. R146. Collector: R E Montgomery. [NM 6550 9042]

[P1011745](#) Biotite diorite. Appinite suite; Caledonian dyke, 5 ft wide. On shore 366 yds W 18 deg S from Traigh Farm house, Arisaig (same locality as (S31285)). Collection No: SSC 11585. Sample No. R150. Collector: R E Montgomery. [NM 6539 9043]

[P1011746](#) Biotite diorite. Appinite suite; Caledonian dyke, 5 ft wide. On shore 366 yds W 18 deg S from Traigh Farm house, Arisaig (same locality as (S31285)). Collection No: SSC 11586. Sample No. R151. Collector: R E Montgomery. [NM 6539 9043]

[P1011747](#) Biotite diorite. Appinite suite; Caledonian dyke, 5 ft wide. On shore 366 yds W 18 deg S from Traigh Farm house, Arisaig (same locality as (S31285)). Collection No: SSC 11587. Sample No. R152. Collector: R E Montgomery. [NM 6539 9043]

[P1011748](#) Diorite. Caledonian dyke, 6 ft wide with acid veins. On shore 416 yds W 7 deg S from Traigh Farm house, Arisaig (same locality as (S31286)). Collection No: SSC 11607. Sample No. R157. Collector: R E Montgomery. [NM 6534 9051]

[P1011749](#) Diorite. Caledonian dyke, 6 ft wide with acid veins. On shore 416 yds W 7 deg S from Traigh Farm house, Arisaig (same locality as (S31286)). Collection No: SSC 11608. Sample No. R158. Collector: R E Montgomery. [NM 6534 9051]

[P1011750](#) Diorite. Caledonian dyke, 6 ft wide with acid veins. On shore 416 yds W 7 deg S from Traigh Farm house, Arisaig (same locality as (S31286)). Collection No: SSC 11609. Sample No. R159. Collector: R E Montgomery. [NM 6534 9051]

[P1011751](#) Camptonite with ocelli. Dyke, ?Permian, 5 ft wide. On shore 366 yds W 19 deg S from Traigh Farm house, Arisaig (same locality as (S31287)). Collection No: SSC 11610. Sample No. R162. Collector: R E Montgomery. [NM 6539

9047]

[P1011752](#) Camptonite with ocelli. Dyke, ?Permian, 5 ft wide. On shore 366 yds W 19 deg S from Traigh Farm house, Arisaig (same locality as (S31287)). Collection No: SSC 11611. Sample No. R163. Collector: R E Montgomery. [NM 6539 9047]

[P1011753](#) Garnetiferous pelitic schist. With pygmatic veins, interbanded in false-bedded psammitic group; Moine. On shore, 0.25 mile + 35 yds S 82 deg W of Traigh Farm house, Arisaig. Collection No: SSC 11612. Sample No. R168. Collector: R E Montgomery. [NM 6534 9052]

[P1011754](#) Garnetiferous pelitic schist. With pygmatic veins, interbanded in false-bedded psammitic group; Moine. On shore, 0.25 mile + 35 yds S 82 deg W of Traigh Farm house, Arisaig. Collection No: SSC 11613. Sample No. R169. Collector: R E Montgomery. [NM 6534 9052]

[P1011755](#) Garnetiferous pelitic schist. With pygmatic veins, interbanded in false-bedded psammitic group; Moine. On shore, 0.25 mile + 35 yds S 82 deg W of Traigh Farm house, Arisaig. Collection No: SSC 11614. Sample No. R171. Collector: R E Montgomery. [NM 6534 9052]

[P1011756](#) Garnetiferous pelitic schist. With pygmatic veins, interbanded in false-bedded psammitic group; Moine. On shore, 0.25 mile + 35 yds S 82 deg W of Traigh Farm house, Arisaig. Collection No: SSC 11615. Sample No. R172. Collector: R E Montgomery. [NM 6534 9052]

[P1011757](#) Psammite, false bedded. Upper Group, Moine Schists. At roadside 220 yds N 26 deg E of Traigh Farm house, Arisaig. Collection No: SSC 11616. Sample No. R177. Collector: R E Montgomery. [NM 6595 9065]

[P1011758](#) Psammite, false bedded. Upper Group, Moine Schists. At roadside 220 yds N 26 deg E of Traigh Farm house, Arisaig. Collection No: SSC 11617. Sample No. R179. Collector: R E Montgomery. [NM 6595 9065]

[P1011759](#) Psammite, false bedded. Upper Group, Moine Schists. At roadside 220 yds N 26 deg E of Traigh Farm house, Arisaig. Collection No: SSC 11618. Sample No. R183. Collector: R E Montgomery. [NM 6595 9065]

[P1011760](#) Psammite, false bedded. Upper Group, Moine Schists. At roadside 220 yds N 26 deg E of Traigh Farm house, Arisaig. Collection No: SSC 11619. Sample No. R187. Collector: R E Montgomery. [NM 6595 9065]

[P1011761](#) Olivine-dolerite, feldsparphyric. Tertiary dyke, 30 ft wide. At roadside 0.75 mile N 40 deg E from Traigh Farm house, Arisaig (same locality as (S31288)). Collection No: SSC 11620. Sample No. R191. Collector: R E Montgomery. [NM 6648 9145]

[P1011762](#) Olivine-dolerite, feldsparphyric. Tertiary dyke, 30 ft wide. At roadside 0.75 mile N 40 deg E from Traigh Farm house, Arisaig (same locality as (S31288)). Collection No: SSC 11621. Sample No. R192. Collector: R E Montgomery. [NM 6648 9145]

[P1011763](#) Olivine-dolerite, feldsparphyric. Tertiary dyke, 30 ft wide. At roadside 0.75 mile N 40 deg E from Traigh Farm house, Arisaig (same locality as (S31288)). Collection No: SSC 11622. Sample No. R194. Collector: R E Montgomery. [NM 6648 9145]

[P1011764](#) Camptonite with ocelli. Dyke, ?Permian, 3 ft wide. On shore 600 yds W 13 deg N of Druimdhù (same locality as (S31272) and (S31289)). Collection No: SSC 11623. Sample No. R198. Collector: R E Montgomery. [NM 6487 8871]

[P1011765](#) Camptonite with ocelli. Dyke, ?Permian, 3 ft wide. On shore 600 yds W 13 deg N of Druimdhù (same locality as (S31272) and (S31289)). Collection No: SSC 11624. Sample No. R199. Collector: R E Montgomery. [NM 6487 8871]

[P1011766](#) Olivine-dolerite, non-porphyrific. Dyke, tertiary, 20 ft wide. At roadside 300 yds E 19 deg S of summit of Maol na Readhra (same locality as (S31290)). Collection No: SSC 11625. Sample No. R205. Collector: R E Montgomery. [NM 6522 8908]

[P1011767](#) Olivine-dolerite, non-porphyrific. Dyke, tertiary, 20 ft wide. At roadside 300 yds E 19 deg S of summit of Maol na Readhra (same locality as (S31290)). Collection No: SSC 11626. Sample No. R206. Collector: R E Montgomery. [NM 6522 8908]

[P1011768](#) Appinite, coarse-grained, with diopside. Dyke, Caledonian, 9 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31291)). Collection No: SSC 11627. Sample No. R213. Collector: R E Montgomery. [NM 6609 9220]

[P1011769](#) Appinite, coarse-grained, with diopside. Dyke, Caledonian, 9 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31291)). Collection No: SSC 11628. Sample No. R214. Collector: R E Montgomery. [NM 6609 9220]

[P1011770](#) Appinite, coarse-grained, with diopside. Dyke, Caledonian, 9 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31291)). Collection No: SSC 11629. Sample No. R215. Collector: R E Montgomery. [NM 6609 9220]

[P1011771](#) Appinite, fine-grained, xenolithic. Dyke, Caledonian, 6 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31292)). Collection No: SSC 11630. Sample No. R220. Collector: R E Montgomery. [NM 6609 9220]

[P1011772](#) Appinite, fine-grained, xenolithic. Dyke, Caledonian, 6 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31292)). Collection No: SSC 11631. Sample No. R221. Collector: R E Montgomery. [NM 6609 9220]

[P1011773](#) Appinite, fine-grained, xenolithic. Dyke, Caledonian, 6 ft wide. On shore 566 yds W 28 deg S of summit of Beinn an Achaidh Mhoir near Morar (same locality as (S31292)). Collection No: SSC 11632. Sample No. R222. Collector: R E Montgomery. [NM 6609 9220]

[P1011774](#) Quartz and feldspar psammitic schist. Lower false-bedded group, Moine. 166 yds E of sheepfold and 360 yds S 19 deg W of Rhubana, near Morar. Collection No: SSC 11633. Sample No. R226. Collector: R E Montgomery. [NM 6849 9206]

[P1011775](#) Quartz and feldspar psammitic schist. Lower false-bedded group, Moine. 166 yds E of sheepfold and 360 yds S 19 deg W of Rhubana, near Morar. Collection No: SSC 11634. Sample No. R227. Collector: R E Montgomery. [NM 6849 9206]

[P1011776](#) Quartz and feldspar psammitic schist. Lower false-bedded group, Moine. 166 yds E of sheepfold and 360 yds S 19 deg W of Rhubana, near Morar. Collection No: SSC 11635. Sample No. R228. Collector: R E Montgomery. [NM 6849 9206]

[P1011777](#) Quartz and feldspar psammitic schist. Lower false-bedded group, Moine. 166 yds E of sheepfold and 360 yds S 19 deg W of Rhubana, near Morar. Collection No: SSC 11636. Sample No. R231. Collector: R E Montgomery. [NM 6849 9206]

[P1011778](#) Garnetiferous mica schist. ?Carna Pelitic Group, Moine. Railway cutting under bridge 0.5 mile S of Kinsadel, near Morar. Collection No: SSC 11637. Sample No. R233. Collector: R E Montgomery. [NM 6780 9099]

[P1011779](#) Garnetiferous mica schist. ?Carna Pelitic Group, Moine. Railway cutting under bridge 0.5 mile S of Kinsadel, near Morar. Collection No: SSC 11638. Sample No. R234. Collector: R E Montgomery. [NM 6780 9099]

[P1011780](#) Garnetiferous mica schist. ?Carna Pelitic Group, Moine. Railway cutting under bridge 0.5 mile S of Kinsadel, near Morar. Collection No: SSC 11639. Sample No. R235. Collector: R E Montgomery. [NM 6780 9099]

[P1011781](#) Monchiquite. Dyke, ?Permian, 3 ft wide. Shore 666 yds W 12 deg S of Druimdhù, Arisaig (same locality as (S31293)). Collection No: SSC 11640. Sample No. R239. Collector: R E Montgomery. [NM 6493 8840]

[P1011782](#) Dolerite. Dyke, Tertiary. Shore 133 yds N of Toigal, Morar (same locality as (S31294)). Collection No: SSC 11641. Sample No. R244. Collector: R E Montgomery. [NM 6738 9244]

[P1011783](#) Dolerite. Dyke, Tertiary. Shore 133 yds N of Toigal, Morar (same locality as (S31294)). Collection No: SSC 11642. Sample No. R245. Collector: R E Montgomery. [NM 6738 9244]

[P1011784](#) Calcsilicate rock. From thin band in striped psammites/semipelites, below Upper false-bedded psammite. On shore N of Toigal, Morar. Collection No: SSC 11643. Sample No. R247. Collector: R E Montgomery. [NM 6740 9240]

[P1011785](#) Calcsilicate rock. From thin band in striped psammites/semipelites, below Upper false-bedded psammite. On shore N of Toigal, Morar. Collection No: SSC 11644. Sample No. R248. Collector: R E Montgomery. [NM 6740 9240]

[P1011786](#) Calcsilicate rock. From thin band in striped psammites/semipelites, below Upper false-bedded psammite. On shore N of Toigal, Morar. Collection No: SSC 11645. Sample No. R252. Collector: R E Montgomery. [NM 6740 9240]

[P1011787](#) Calcsilicate rock. From thin band in striped psammites/semipelites, below Upper false-bedded psammite. On shore N of Toigal, Morar. Collection No: SSC 11646. Sample No. R253. Collector: R E Montgomery. [NM 6740 9240]

[P1011788](#) Pelite and semipelite, schistose. Upper Striped Group. On shore N of Toigal, Morar. Collection No: SSC 11647. Sample No. R255. Collector: R E Montgomery. [NM 6740 9240]

[P1011789](#) Pelite and semipelite, schistose. Upper Striped Group. On shore N of Toigal, Morar. Collection No: SSC 11662. Sample No. R257. Collector: R E Montgomery. [NM 6740 9240]

[P1011790](#) Pelite and semipelite, schistose. Upper Striped Group. On shore N of Toigal, Morar. Collection No: SSC 11663. Sample No. R261. Collector: R E Montgomery. [NM 6740 9240]

[P1011791](#) Pelite with corrugations. Upper Striped Group. Small quarry at roadside, 30 yds S of Sunisletter, between Arisaig and Morar. Collection No: SSC 11664. Sample No. R262. Collector: R E Montgomery. [NM 6820 8945]

[P1011792](#) Pelite with corrugations. Upper Striped Group. Small quarry at roadside, 30 yds S of Sunisletter, between Arisaig and Morar. Collection No: SSC 11665. Sample No. R264. Collector: R E Montgomery. [NM 6820 8945]

[P1011793](#) Pelite with corrugations. Upper Striped Group. Small quarry at roadside, 30 yds S of Sunisletter, between Arisaig and Morar. Collection No: SSC 11666. Sample No. R266. Collector: R E Montgomery. [NM 6820 8945]

[P1011794](#) Quartz-dolerite. Boss, Permo-Carboniferous. 100 yds N of Loch Sgurr an Albanaich N of Arisaig (same locality as (S31295)). Collection No: SSC 11667. Sample No. R268. Collector: R E Montgomery. [NM 6864 8856]

[P1011795](#) Camas an Daraich, shore at HWM 737 yds 7 deg E of N from Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11648. Sample No. J409. Collector: J McCall. [NM 6579 9126]

[P1011796](#) Camas an Daraich, shore at HWM 737 yds 7 deg E of N from Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11649. Sample No. J410. Collector: J McCall. [NM 6579 9126]

[P1011797](#) Camas an Daraich, shore at HWM 737 yds 7 deg E of N from Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11650. Sample No. J411. Collector: J McCall. [NM 6579 9126]

[P1011798](#) S side of Camas Rubha a' Mhurain, 0.33 mile S 30 deg W of Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11651. Sample No. J418. Collector: J McCall. [NM 6547 9011]

[P1011799](#) S side of Camas Rubha a' Mhurain, 0.33 mile S 30 deg W of Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11652. Sample No. J419. Collector: J McCall. [NM 6547 9011]

[P1011800](#) S side of Camas Rubha a' Mhurain, 0.33 mile S 30 deg W of Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11653. Sample No. J420. Collector: J McCall. [NM 6547 9011]

[P1011801](#) S side of Camas Rubha a' Mhurain, 0.33 mile S 30 deg W of Traigh House. Upper Psammitic Group of Morar Succession. Collection No: SSC 11654. Sample No. J422. Collector: J McCall. [NM 6547 9011]

[P1011802](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11655. Sample No. J427. Collector: J McCall. [NM 6676 9328]

[P1011803](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11656. Sample No. J429. Collector: J McCall. [NM 6676 9328]

[P1011804](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11657. Sample No. J431. Collector: J McCall. [NM 6676 9328]

[P1011805](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11658. Sample No. J433. Collector: J McCall. [NM 6676 9328]

[P1011806](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11659. Sample No. J434. Collector: J McCall. [NM 6676 9328]

[P1011807](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11660. Sample No. J436. Collector: J McCall. [NM 6676 9328]

[P1011808](#) N side of estuary of River Morar, 527 yds W 20 deg S of Bourbach (close to locality of (S32728), (S32729), (S32730), (S33499), (S33500), (S33501). Upper Striped Group of Morar Succession. Collection No: SSC 11661. Sample No. J437. Collector: J McCall. [NM 6676 9328]

[P1016310](#) Finely streaked and banded rock. 'Honestone' in 'Logan Rock'. Due E from mouth of Hope (at base of cliff). Collection No: SSC 15917. Sample No. M2759. Collector: A F Macconochie. [NC 4810 6230]

[P1016311](#) Gneiss. From NNW face of Ben Arnaboll, Eriboll. Collection No: SSC 15918. Sample No. M2760. Collector: A F Macconochie. [NC 4590 5930]

[P1016312](#) Hornblende rock. To show how little the crystals are crushed a few feet above the slide plane. North face of Ben Arnaboll. Collection No: SSC 15919. Sample No. M2767. Collector: A F Macconochie. [NC 4630 5950]

[P1016313](#) Basal breccia of Quartzite. In contact with gneiss. Corrie, W face of Ben Arnaboll. Collection No: SSC 15920. Sample No. M2768. Collector: A F Macconochie. [NC 4567 5896]

[P1016314](#) Basal breccia of Quartzite. With underlying pegmatite adhering. Bealach Mhairi a little N of Loch a' Choin-bhoirinn. Collection No: SSC 15921. Sample No. M2769. Collector: A F Macconochie. [NC 4535 5773]

[P1016315](#) Slickensided quartzite. Ben Arnaboll, Eriboll. Collection No: SSC 15922. Sample No. M2771. Collector: A F Macconochie. [NC 4600 5940]

[P1016316](#) Banded quartzite. Lon Quartzites. East face of Ben Arnaboll. Collection No: SSC 15923. Sample No. M2772. Collector: A F Macconochie. [NC 4620 5910]

[P1016317](#) Green shale. ?Sheared gneiss. NE of Loch a' Choin-bhoirinn, Eriboll. Collection No: SSC 15924. Sample No. M2786. Collector: A F Macconochie. [NC 4580 5760]

[P1016318](#) Crushed gneiss. Outlier, top of Sithean na Cuaiche, S of Hielam, Loch Eriboll. Collection No: SSC 15925. Sample No. M2790. Collector: A F Macconochie. [NC 4566 6005]

[P1016319](#) Corrugated schist. The corrugations are at right angles to strike and parallel to the slickensides. From slope overlooking Free Church, Eriboll. Collection No: SSC 15926. Sample No. M2793. Collector: A F Macconochie. [NC 4416 5711]

[P1016320](#) Schist, plicated. On hill Creag a' Chairn Chaoruinn, Strath Beag. Collection No: SSC 15927. Sample No. M2794. Collector: A F Macconochie. [NC 3900 5000]

[P1016321](#) Black limestone, ?foraminiferal. An t-Sron, Eriboll. Collection No: SSC 15928. Sample No. M2796. Collector: A F Macconochie. [NC 4396 5798]

[P1016322](#) Gneissoid Logan Rock. Like rock in Sangomore Bay. Near Loch na Breac Dhubh [?should this be Loch na Creige Duibhe], Loch Eriboll. Collection No: SSC 15929. Sample No. M2797. Collector: A F Macconochie. [NC 4440 5710]

[P1016323](#) Foinaven; Cadell's dyke. Collection No: SSC 15930. Sample No. M2847. Collector: A F Macconochie. [NC 3150 4830]

[P1016324](#) Pegmatite with agalmatolite. Near lochan about 1.5 miles S of Loch Meadaidh. Collection No: SSC 15931. Sample No. M2848. Collector: A F Macconochie. [NC 4000 6270]

[P1016325](#) Pegmatite with agalmatolite. Near lochan about 1.5 miles S of Loch Meadaidh. Collection No: SSC 15932. Sample No. M2849. Collector: A F Macconochie. [NC 4000 6270]

[P1016326](#) Doleritic basalt. Cutting Fucoïd Beds. 0.5 mile N of Heilam, Loch Eriboll. Collection No: SSC 15933. Sample No. M2859. Collector: A F Macconochie. [NC 4514 6072]

[P1016327](#) Mica diabase. (same as U 3771 - 3776). Allt an t-Sithein, at confluence with Allt Laraich na h-Airighe. Collection No: SSC 15934. Sample No. M2861. Collector: A F Macconochie. [NC 4995 6257]

[P1016328](#) Green schist. At slide over plane. About 100 yds above Hope Lodge, Eriboll. Collection No: SSC 15935. Sample No. M2867. Collector: A F Macconochie. [NC 4785 6019]

[P1016329](#) Coarse schist. Moine Series. East side of Balnakiel Bay, Durness. Collection No: SSC 15936. Sample No. M2870. Collector: A F Macconochie. [NC 3910 6980]

[P1016330](#) Fucoïd Beds. Showing relation of folding to cleavage. Ben Heilam, Eriboll. Collection No: SSC 15937. Sample No. M2875. Collector: A F Macconochie. [NC 4650 6200]

[P1016331](#) Fucoïd Beds. Cleaved and seamed. West side of Ben Heilam, Eriboll. Collection No: SSC 15938. Sample No. M2876. Collector: A F Macconochie. [NC 4680 6170]

[P1016332](#) Limestone, fossiliferous. An Garbh-eilean, Durness. Collection No: SSC 15939. Sample No. M2878. Collector: A F Macconochie. [NC 3330 7350]

[P1016333](#) Limestone. Eilean Dubh. Skerry near Eilean Hoan, Durness. Collection No: SSC 15940. Sample No. M2881. Collector: A F Macconochie. [NC 4556 6805]

[P1016334](#) Garnetiferous gneiss. Boulder. On shore, Faraid Head, Durness. Collection No: SSC 15977. Sample No. M3271. Collector: A F Macconochie. [NC 3970 7010]

[P1016335](#) Garnetiferous gneiss. Boulder. On shore, Faraid Head, Durness. Collection No: SSC 15978. Sample No. M3272. Collector: A F Macconochie. [NC 3970 7010]

[P1016336](#) Hornblendic gneiss. Shore cliff near Ceannabeinne. Collection No: SSC 15979. Sample No. M3274. Collector: A F Macconochie. [NC 4420 6570]

[P1016337](#) Garnetiferous gneiss. Boulder. Near Faraid Head. Collection No: SSC 15980. Sample No. M3278. Collector: A F Macconochie. [NC 3930 7040]

[P1016338](#) Pegmatite vein with iron. On roadside near Rispond, Durness. Collection No: SSC 15981. Sample No. M3283. Collector: A F Macconochie. [NC 4460 6540]

[P1016339](#) Curly or 'cipollino' schist. E side of Balnakiel Bay, Faraid head. Collection No: SSC 15982. Sample No. M3296. Collector: A F Macconochie. [NC 3855 7015]

[P1016340](#) Hornblende rock. From boulder. On roadside near Ceannabeinne. Collection No: SSC 15983. Sample No. M3303. Collector: A F Macconochie. [NC 4400 6600]

[P1016341](#) Actinolite. Vein in old gneiss. Balnakiel Bay (Skerry), Faraid Head, Durness. Collection No: SSC 15984. Sample No. M3305. Collector: A F Macconochie. [NC 3850 7020]

[P1016342](#) Hornblendic gneiss. Lewisian. W side of Kyle of Durness. Collection No: SSC 15985. Sample No. M3313. Collector: A F Macconochie. [NC 3600 7000]

[P1016343](#) Gneiss. Ceannabeinne. Collection No: SSC 15986. Sample No. M3316. Collector: A F Macconochie. [NC 4400 6560]

[P1016344](#) Hornblende gneiss. W side of Kyle of Durness. Collection No: SSC 15987. Sample No. M3321. Collector: A F Macconochie. [NC 3600 7000]

[P1016345](#) Red pegmatite. Vein. Beinn Ceannabeinne. Collection No: SSC 15988. Sample No. M3324. Collector: A F Macconochie. [NC 4212 6465]

[P1016346](#) Pegmatite vein. Showing banded structure. Rispond Harbour, Durness. Collection No: SSC 15989. Sample No. M3327. Collector: A F Macconochie. [NC 4520 6530]

[P1016347](#) Pegmatite, crushed and drawn out. Balnakiel Bay near Faraid Head. Collection No: SSC 15990. Sample No. M3332. Collector: A F Macconochie. [NC 3850 7070]

[P1016348](#) Coarse granitoid schist. ?Crushed gneiss. Balnakiel Bay near Faraid Head. Collection No: SSC 15991. Sample No. M3333. Collector: A F Macconochie. [NC 3850 7070]

[P1016349](#) Limestone with worm castings. Near Loch Borralie. Collection No: SSC 15993. Sample No. M3342. Collector: A F Macconochie. [NC 3800 6700]

[P1016350](#) Gneiss, sheared granite. Loch Dubh Bad na Faire, Tongue. Collection No: SSC 15994. Sample No. M4121. Collector: A F Macconochie. [NC 6460 5920]

[P1016351](#) Grey gneiss (sheared granite). Carnachy Burn, Tongue. Collection No: SSC 15995. Sample No. M4124. Collector: A F Macconochie. [NC 6950 4970]

[P1016352](#) Gneiss. Top of Craig Dithreib, Tongue [=Dherue on new map}. Collection No: SSC 15996. Sample No. M4128. Collector: A F Macconochie. [NC 5480 4800]

[P1016355](#) Hornblendic band. Band in Moine Schist. Rabbit Island, Tongue. Collection No: SSC 15999. Sample No. M4135. Collector: A F Macconochie. [NC 6090 6320]

[P1016356](#) Sheared pegmatite?. Near Tongue. Collection No: SSC 16000. Sample No. M4136. Collector: A F Macconochie. [NC 5890 5730]

[P1016357](#) Sheared pegmatite. Sail Romascaig, Ben Hope. Collection No: SSC 16001. Sample No. M4140. Collector: A F Macconochie. [NC 4900 4800]

[P1016358](#) Old gneiss (sheared Achaean dyke). From patch. Near Lochan Leacach, Tongue. Collection No: SSC 16002. Sample No. M4142. Collector: A F Macconochie. [NC 6870 5750]

[P1016389](#) Gneiss with incipient knots of pegmatite drawn out into rods. (By post-Silurian movements). Thorrisdall Point, Tongue. Collection No: SSC 16004. Sample No. M4162. Collector: A F Macconochie. [NC 6760 6350]

[P1016390](#) Sheared pegmatite. Sparingly sheared. Bric, Kirkiboll, Tongue. Collection No: SSC 16005. Sample No. M4169. Collector: A F Macconochie. [NC 5850 5630]

[P1016391](#) Feldspathic gneiss, possibly sheared pegmatite. Near Whiten Head, Loch Eriboll. Collection No: SSC 16006. Sample No. M4182. Collector: A F Macconochie. [NC 5000 6800]

[P1016392](#) Hornblendic rock. Lewisian. Mol Mhor, Whiten Head, 3 ft above junction with quartzite. Collection No: SSC 16007. Sample No. M4185. Collector: A F Macconochie. [NC 4966 6801]

[P1016394](#) Granite. ?From vein. Bhealach Mhairi, 0.75 mile W of Loch Hope, Eriboll. Collection No: SSC 15992. Sample No. M2782. Collector: A F Macconochie. [NC 4553 5793]

[P1016395](#) Schist, crushed and partly mylonitised above Moine Thrust plane. Moine. West face of An Lean-charn. Collection No: SSC 16009. Sample No. U3648. [NC 4150 5240]

[P1016396](#) Schist, crushed and partly mylonitised above Moine Thrust plane. Moine. West face of An Lean-charn, SSE of the largest of three lochans. Collection No: SSC 16010. Sample No. U3649. [NC 4100 5250]

[P1016397](#) Schist, crushed and partly mylonitised above Moine Thrust plane. Moine. W side of An Lean-charn. Collection No: SSC 16011. Sample No. U3650. [NC 4100 5250]

[P1016398](#) Schist, crushed and partly mylonitised above Moine Thrust plane. Moine. Creag na Faoilinn, on crag overhanging larger of the two lochans. Collection No: SSC 16012. Sample No. U3651. [NC 4020 5330]

[P1016399](#) Schist, crushed and partly mylonitised above Moine Thrust plane. Moine. Creag na Faoilinn. Collection No: SSC 16013. Sample No. U3652. [NC 4000 5300]

[P1016400](#) Oyster shell Moine. Moine. An Lean-charn. Collection No: SSC 16014. Sample No. U3653. [NC 4100 5200]

[P1016401](#) Mylonitised Moine. Moine. 0.25 mile NE of Hope Lodge. Collection No: SSC 16015. Sample No. U3654. [NC 4820 6050]

[P1016402](#) Psammitic and semipelitic schist. Moine. W face of Ben Hope. Collection No: SSC 16016. Sample No. U3655. [NC 4750 4860]

[P1016403](#) Psammite. Moine. Burn 500 yds above road, 0.5 miles S of Hope Lodge. Collection No: SSC 16017. Sample No. U3656. [NC 4800 5950]

[P1016404](#) Psammite. Moine. 1 mile S of Pollath-roin, W side of Loch Hope. Collection No: SSC 16018. Sample No. U3657. [NC 4660 5660]

- [P1016454](#) Oyster shell rock. Frilled schists above Moine Thrust Plane. S side of burn, 0.75 mile SSE of Hope Lodge. Collection No: SSC 16068. Sample No. U3746. [NC 4810 5900]
- [P1016455](#) Limestone. Associated with frilled schists above Moine Thrust Plane. W slope, Beinn Tharsuinn [Meall Bad a' Mhartuin on new map]. Collection No: SSC 16069. Sample No. U3747. [NC 4410 5660]
- [P1016456](#) Limestone. Associated with frilled schists above Moine Thrust Plane. W slope, Beinn Tharsuinn [Meall Bad a' Mhartuin on new map]. Collection No: SSC 16070. Sample No. U3748. [NC 4410 5660]
- [P1016457](#) Limestone. Associated with frilled schists above Moine Thrust Plane. W slope, Beinn Tharsuinn [Meall Bad a' Mhartuin on new map]. Collection No: SSC 16071. Sample No. U3749. [NC 4410 5660]
- [P1016458](#) Hornblende schist. Moinian. The mouth of Alltan Rian, E side of Kyle of Tongue. Collection No: SSC 16072. Sample No. U3750. [NC 5870 5670]
- [P1016459](#) Hornblende schist. Moinian. Roadside 0.33 mile SW of Ribigill, Tongue. Collection No: SSC 16073. Sample No. U3751. [NC 5610 5350]
- [P1016460](#) Hornblende schist. Moinian. Near Strathan, mouth of Melness Water. Collection No: SSC 16074. Sample No. U3752. [NC 5620 6390]
- [P1016461](#) Hornblende schist. Moinian. Foot of Allt Innis a' Choinich, Melness Water. Collection No: SSC 16075. Sample No. U3753. [NC 5570 6259]
- [P1016462](#) Microcline pegmatite. ?Laxfordian. Whiten Head. Collection No: SSC 16076. Sample No. U3754. [NC 5006 6813]

- [P1016463](#) Mylonite. Moinian. Arnaboll. Collection No: SSC 16077. Sample No. U3755. [NC 4640 5780]
- [P1016464](#) Mylonite. Moinian. Sangomore Bay. Collection No: SSC 16078. Sample No. U3756. [NC 4080 6790]
- [P1016465](#) Mylonite. Moinian. Above Eriboll House. Collection No: SSC 16080. Sample No. U3757. [NC 4400 5610]
- [P1016466](#) Mylonite. Moinian. Creag na Faolinn, Eriboll. Collection No: SSC 16081. Sample No. U3758. [NC 3960 5350]
- [P1016467](#) Mylonite. Moinian. Creag Charn Chaoruinn, Eriboll. Collection No: SSC 16082. Sample No. U3759. [NC 3870 4990]
- [P1016468](#) Mylonite. Moinian. N of Strath Beag Cottage, Eriboll. Collection No: SSC 16083. Sample No. U3760. [NC 3900 5200]
- [P1016469](#) Sheared gneiss. Lewisian; Borgie Inlier. Loch Dubh [Beul na Faire], W of Borgie Bridge. Collection No: SSC 16084. Sample No. U3761. [NC 6460 5920]
- [P1016470](#) Sheared gneiss. Lewisian; Borgie Inlier. Near Tongue. Collection No: SSC 16085. Sample No. U3762. [NC 6400 5900]
- [P1016471](#) Sheared gneiss. Lewisian; Borgie Inlier. Loch Dubh [Beul na Faire], W of Borgie Bridge. Collection No: SSC 16086. Sample No. U3763. [NC 6460 5920]
- [P1016473](#) Injection gneiss. Moinian. Point between Rivers Naver and Borgie. Collection No: SSC 16088. Sample No. U3765. [NC 6870 6150]
- [P1016474](#) Injection gneiss. Moinian. Point between Rivers Naver and Borgie. Collection No: SSC 16089. Sample No. U3766. [NC 6870 6150]
- [P1016475](#) Staurolite schist. Moinian. Point between Rivers Naver and Borgie. Collection No: SSC 16090. Sample No. U3767. [NC 6870 6150]
- [P1016476](#) Staurolite schist. Moinian. Point between Rivers Naver and Borgie. Collection No: SSC 16091. Sample No. U3768. [NC 6880 6160]
- [P1016477](#) Limestone, ?foraminiferal. Cambrian; Grudaidh Group. An t-Sron, Loch Eriboll. Collection No: SSC 16092. Sample No. U3769. [NC 4420 5800]
- [P1016478](#) Limestone, ?foraminiferal. Cambrian; Grudaidh Group. An t-Sron, Loch Eriboll. Collection No: SSC 16093. Sample No. U3770. [NC 4420 5800]
- [P1016479](#) Monchiquite (biotite fourchite). ?Permian; cuts Moine Thrust Plane and mylonites); see McIntyre, PGA, vol. 65, pp 202 -223. Allt Larach na h-Airidh, tributary of Allt an t-Srathain, 1.5 miles ENE of Inverhope. Collection No: SSC 16094. Sample No. U3771. [NC 4995 6257]
- [P1016480](#) Monchiquite (biotite fourchite). ?Permian; cuts Moine Thrust Plane and mylonites); see McIntyre, PGA, vol. 65, pp 202 -223. Allt Larach na h-Airidh, tributary of Allt an t-Srathain, 1.5 miles ENE of Inverhope. Collection No: SSC 16095. Sample No. U3773. [NC 4995 6257]
- [P1016481](#) Monchiquite (biotite fourchite). ?Permian; cuts Moine Thrust Plane and mylonites); see McIntyre, PGA, vol. 65, pp 202 -223. Allt Larach na h-Airidh, tributary of Allt an t-Srathain, 1.5 miles ENE of Inverhope. Collection No: SSC 16096. Sample No. U3774. [NC 4995 6257]
- [P1016482](#) Monchiquite (biotite fourchite). ?Permian; cuts Moine Thrust Plane and mylonites); see McIntyre, PGA, vol. 65, pp 202 -223. Allt Larach na h-Airidh, tributary of Allt an t-Srathain, 1.5 miles ENE of Inverhope. Collection No: SSC

16097. Sample No. U3775. [NC 4995 6257]

[P1016483](#) Monchiquite (biotite fourchite). ?Permian; cuts Moine Thrust Plane and mylonites); see McIntyre, PGA, vol. 65, pp 202 -223. Allt Larach na h-Airidh, tributary of Allt an t-Srathain, 1.5 miles ENE of Inverhope. Collection No: SSC 16098. Sample No. U3776. [NC 4995 6257]

[P1016484](#) ?Lamprophyre. 1 mile S of Achuvoldarach , Kyle of Tongue. Collection No: SSC 16099. Sample No. U3777. [NC 5677 5756]

[P1016485](#) ?Lamprophyre. 1 mile S of Achuvoldarach , Kyle of Tongue. Collection No: SSC 16100. Sample No. U3778. [NC 5677 5756]

[P1016486](#) ?Lamprophyre. Achuvoldrach Burn, 0.5 mile W of Tongue Ferry. Collection No: SSC 16101. Sample No. U3779. [NC 5628 5910]

[P1016487](#) ?Lamprophyre. Achuvoldrach Burn, 0.5 mile W of Tongue Ferry. Collection No: SSC 16102. Sample No. U3780. [NC 5628 5910]

[P1016488](#) Picrite or peridotite. Lewisian. On crag E of Inverhope. Collection No: SSC 16103. Sample No. U3781. [NC 4770 6004]

[P1016489](#) Camptonite. Dyke cutting Moine. Side of stream, Melness Water, opposite Cnoc Glac Fair Mhor [probably the dyke in Allt Bad nam Fiaidh near confluence with Strath Melness Burn, SE of Cnoc Dubh]. Collection No: SSC 16079. Sample No. E3621A. Collector: R Eckford. [NC 5459 6170]

[P1018916](#) Hornblende schist. Moinian. Near Strathan, mouth of Melness Water. Collection No: SSC 16074. Sample No. U3752. [NC 5620 6390]

[P1018917](#) Gneiss or pegmatite vein. Crag overhanging Inverhope, Loch Eriboll. Collection No: SSC 15914. Sample No. M2754. Collector: A F Macconochie. [NC 4800 6170]

[P1018918](#) Sheared pegmatite and agamatolite. Underlying basal breccia of quartzites. Near Bodach Dearg, Whiten Head, mouth of Loch Eriboll. Collection No: SSC 15895. Sample No. M2675. Collector: A F Macconochie. [NC 4984 6627]
