
The geology of the Isle of Man

By G. W. Lamplugh, F.G.S.

With Petrological Notes By Prof. W. W. Watts, M.A., F.G.S.

Memoirs Of The Geological Survey. United Kingdom.

London : HMSO, 1903

(Title page) Title page of The geology of the Isle of Man. By G.W. Lamplugh. 1903.

(Front cover) (Front cover) Bay Stacka and Sugarloaf seen from Spanish Head. Flaggy grits in Manx Slates. G. Bingley. BAAS photograph BAAS05115 at BGS. P246782.

This web version of the memoir has the following additions

- Grid references - (Note — Grid references have been worked out from the place names for this web version of the memoir. They should be regarded as approximate).
- Links to BGS Britrocks for thin sections cited in the Memoir
- Links to to view the 1:10,560 County Series geological maps on the BGS Maps Portal

Contents

[Chapter 1 General description of the island](#)

[Chapter 2 Outline of the literature](#)

[Chapter 3 The Manx Slate Series](#)

[Chapter 4 Detailed description of the Manx Slate Series and the accompanying igneous rocks](#)

[Chapter 5 The Carboniferous rocks of the Southern District](#)

[Chapter 6 The Peel Sandstones](#)

[Chapter 7 The strata underlying the Drift of the Northern Plain](#)

[Chapter 8 The igneous rocks](#)

[Chapter 9 The Glacial deposits](#)

[Chapter 10 The Post-Glacial and Recent Deposits](#)

[Chapter 11 Detailed description of the Superficial Deposits](#)

[Chapter 12 The metalliferous veins of the Island](#)

[Chapter 13 Non-metallic products](#)

[Appendix 1 — List of minerals occurring in the Isle Of Man](#)

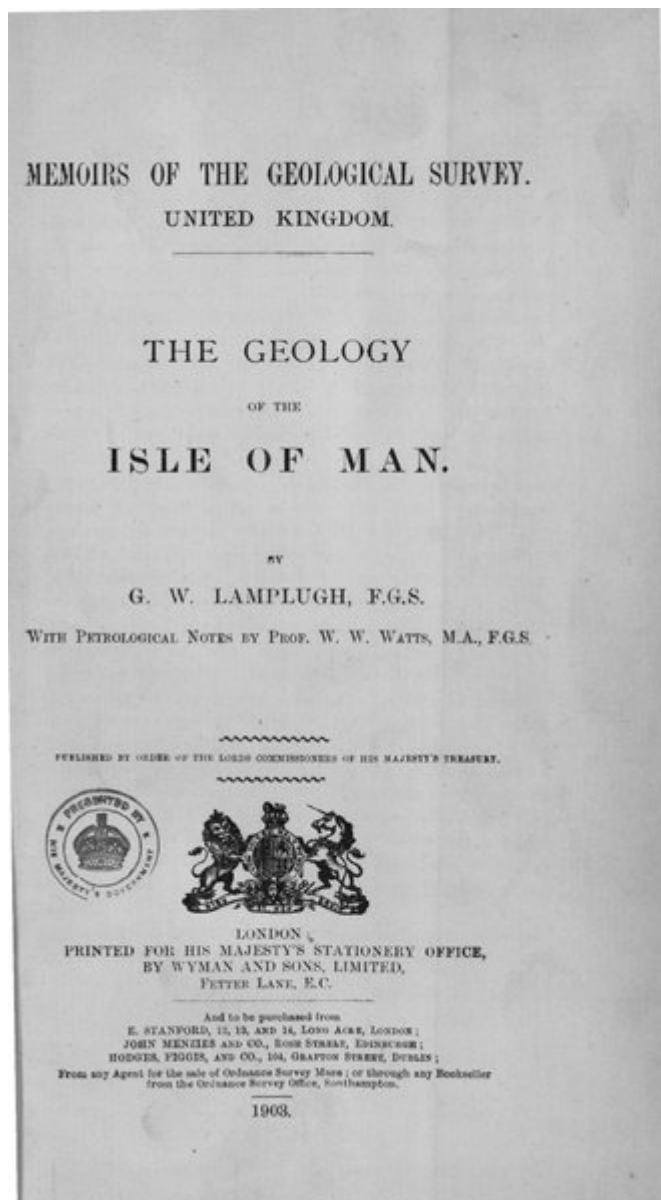

[Appendix 2 — Some published analyses of Manx rocks](#)

[Appendix 3 — Details of deep borings. No. 1 Boring, Point of Ayre, No. 2 Boring, Ballawhane, No. 3 Boring, The Lhen, 580. No. 4 Boring, Knock-e-Dooney, No. 5 Boring, Ballagenney, No. 6 Boring, Point of Ayre, Old Boring near Peel.](#)

[Appendix 4 — Bibliography](#)

[List of illustrations](#)

[List of six-inch BGS County Series maps](#)
